COMMITMENT OF THE CERTIFICATION'S APPLICANT AND / OR LICENCE HOLDER

Name and address of the certification's applicant and / or licence holder:

Subject: GS Mark

1. We, applicant and / or licence holder state having taken note of the Applicable Documents related to the certification process and to the technical process that are applicable to the request for certification subject matter hereof, or having received them at the time of application, or already detaining them under previous application(s) for certification using the same documents, namely:

- Certification Rules of the **GS Mark Edition 9 dated January 24th 2017**

2. We notably declare:

- have verified that the product for which the certification is requested is compliant to the requirements of all the concerned Directives (i.e: LVD, ...) and National Regulations,
- have verified that we have in our possession the updated version of the Applicable Documents,
- be aware that the applicable documents impose us duties in terms of information to transmit to LCIE concerning all changes to the certified product,
- be aware that the Rules of the GS system of certification, the standards and the applicable decisions of the experience exchange groups of the ZLS (ZEK and EK) are subject to changes over which LCIE has no control,
- be aware that the possible issue of the GS certificate is not an indication that the product concerned is not infringing,
- accept the technical and financial consequences arising from changes of the Rules and/or standards and / or applicable decisions of the experience exchange groups of the ZLS (ZEK and EK) , except to waive to avail ourselves of all relevant certifications previously obtained.

3. By this, we notably commit ourselves :

- to comply with all the provisions of these documents during the process of obtaining the certificate, for the entire time during which the right to use the mark will be in effect, and after a suspension or withdrawal of the Mark
- to declare you in writing any change in our ability to produce the product that would be certified, in order to permit you to assess certification compliance,
- to make our case with the research needed to identify the risk of counterfeiting created by the product subject to the certification and not to ask any certification for products that would be infringing or for which a doubt would have been highlighted as a result of our research,
- to pay to LCIE France, or any correspondent body of LCIE France through its agreements, certification and audits / inspections costs regardless of the results,
- to reproduce the certification documents only in their entirety,
- to keep records of and deal with complaints relating to compliance with certification requirements made known to LCIE and make these records available to LCIE on request,
- to document the actions taken with respect to the complaints and deficiencies found in products that affect compliance with the requirements for certification and to implement effectively these actions,
- to communicate on the certification in a consistent manner with its scope of certification by clearly indicating:
 - the product(s) which have been certified,
 - the GS certification scheme,
 - the standard(s) which the product(s) is_(are) complying with including the relevant publication date(s),
- to not use the product certification in such a manner as to neither bring LCIE into disrepute nor make any statement regarding its product certification that LCIE may consider misleading or unauthorized.
